

WHEN THE RAIN STOPS FALLING

AUDITION REQUIREMENTS

Andrew Bovell's sprawling family drama, *When the Rain Stops Falling*, spans four generations of dysfunction in one family's lineage of secrets, abandonment, and searching for answers. In 1960's London, Henry and Elizabeth Law give birth to a son, Gabriel, before Henry mysteriously departs for Australia, never to return to his family again. Two decades later, Gabriel travels to Australia, following in his father's footsteps, desperate to find some connection to the man he never knew. There, he meets and falls in love with Gabrielle York, who gives birth to their son, Gabriel York. But just like his father, Gabriel grows up abandoned by his parents and later does the same to his own son.

In the near future, as the end of the world looms, Gabriel is confronted by his own son, searching for answers of his own, just as his father and grandfather did before him. *When the Rain Stops Falling* is an epic work of drama, traveling backwards and forwards through time as each generation struggles to come to terms with family, legacy, abandonment and betrayal, inherited secrets, and the search for connection and forgiveness.
